Committee Reports

Marketing Committee-

Michelle MacCutcheon, chair of the Marketing Committee met on Tuesday, January 4th from 5pm to 6pm. The meeting was held virtually and present were Michelle MacCutcheon, Mary Lee Kemper, Greg Day, Noah Tucker, and Phil Denton.

Social media protocols and SOP were discussed. Greg Day on Instagram and Twitter and Noah on Facebook.

Mary Lee Kemper is still compiling all media outlets and contact information for the area.

Michelle is working on creating all Facebook events and adding Warren County events to the LPO calendar as well as all making notification email blast templates and sending those.

Since the meeting, Mary Lee has secured Kala Coffeehouse for our afternoon social. These will be held the third Friday of every month at 2:30pm. Michelle has made all Facebook events for the new social and existing meetings and will be completing the addition of all to

the calendar as well as completing templates for the new social email blast and sending that out.

Community Outreach-

Michelle MacCutcheon has reached out to Warren County Fair to acquire a booth, nothing heard back yet. Seth Allton not present, no further updates.

Old Business

Ad Hoc committee for Constitutional Carry-

Mark Marasch states that there are Senate and House bills that would allow adults over 21 to carry without a concealed handgun license and remove the duty to inform law enforcement that one is carrying when stopped unless asked. The Senate bill also prevents law enforcement from using legal concealed carry as an excuse to search, seize, or detain. Licenses will still be offered for out-of-state travel. This is positive, except that both bills invoke federal law in a way that prevents users of federally-controlled substances from carrying concealed. Marijuana card holders would continue to be prevented from carrying concealed and denied a fundamental right. Seth Allton chairs this committee but was unable to attend, still researching what can be done.

IT Committee-

WCLP members have volunteered to help with operations across this process. Phil Denton requests all members be on the lookout for those willing to join the effort.

Phil Denton states that LPO and National LP CRM is still inaccessible, big problem with integrating and updating new information obtained by Warren County. No notifications of new people being added, etc. Kevin Kahn states that LPO Ex Com has traditionally kept their CRM separate from National CRM, however, this is being challenged. To be addressed at the next LPO Ex Com meeting. Phil Denton states he is fully capable of fixing the problem, but requires permission from higher authorities.

Ad Hoc Committee Addressing IT with LPO Ex Com-

Joshua Toms makes motion to create committee to address previously stated issues with IT at next Ex Com meeting for LPO. Motion carries. Mark Perone volunteers as possible candidate to chair committee and attend Ex Com meeting. Will inform later as to whether he is capable of following through. If Mark Perone cannot, Mark Marasch will chair this committee.

New Business

1. Joshua Toms makes motion to open discussion on Warren County logos. Motion carries. Discussion ensues and some ideas are shared. Phil Denton makes motion to table subject until the next meeting in order to try out new designs. Motion carries.
2. Lebanon City Schools go virtual teaching.
3. Addressing IT integration issues at next LPO Ex Com meeting.
